

Eureka Expeditions: Geocaching Program

July 9 - 13, 2018 (4th Grade & up)

This program is for young people currently in 4th grade and up. Join us as we travel to natural places on Long Island to explore and discover hidden geocaches. Using our GPS units, you can participate in the high-tech scavenger hunt known as geo-caching. Each day we travel to a new location to enjoy the hidden treasures of Long Island.

What is geocaching?

Geocaching is a real-world, outdoor treasure hunting game using GPS-enabled devices.

Participants navigate to a specific set of GPS coordinates and then attempt to find the geocache (container) hidden at that location.
