

Nature's Way

July 18-22, 2016

This summer program is especially for youngsters who have just completed 2nd or 3rd grade.

Begin your adventure each day at our Manor Farm headquarters. Games and challenges will help you better understand our natural neighbors. Then we will set off along "Nature's Way" in the adjacent Berkeley Jackson County Park where you will get a chance to practice your new skills and to learn to appreciate the natural world. When your adventures with us are finished, you will see how you can help the plants and animals that live in your own backyard.
