

Starflower Experiences' Summer Programs:

EARTHKEEPERS™ CAMP

July 5-9, 2010

If you like being outdoors, if you care about our fragile planet and if you want to learn more about the earth and how to care for it, then you should become an Earthkeeper.

Visit Mama Nature's Munch Room, meet a "Spec," dig up a buried time capsule and find out the secret meanings of "E.M." while rediscovering the natural world.

E.M. is the keeper of the keys, a mysterious lover of the marvels and mysteries of the natural world. E.M. knows that the earth is in trouble but E.M. also knows how people can help renew their connections with the earth. Becoming an Earthkeeper like E.M. is an important task.

Participate in this magical learning adventure and earn four keys to help you live in harmony with the earth and understand how the systems of life on earth operate.

Directions and further information will be mailed upon registration.

Dear E.M.,
I would love to be an Earthkeeper. It is very important that we keep the earth in shape. Sharing our knowledge and experience will help us keep the earth from being a worldwide garbage dump.
--Dennis

The Earthkeepers™ program, developed by The Institute for Earth Education, is currently being run at sites across the U.S., Canada, Britain, Australia, Germany, The Netherlands, Japan, and Finland.

Starflower Experiences, Inc. is a local not-for-profit educational organization with a reputation for conducting exciting participatory environmental experiences for schools and other settings.

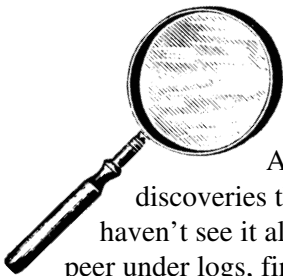

For more information about Earthkeepers™ see our website: www.starflowerexperiences.org

When: July 5-9, 2010 8:45 - 12:30
Where: Sweet Hollow Hall, West Hills County Park (Melville)
Who: Children who have completed Grade 4 or 5
How much: \$85.00 some scholarships may be available

Earth Explorers July 12-16, 2010

You are eligible if:

- ✦ you are an Earthkeeper (ages 9-11)
- ✦ you are an Earth Ranger (ages 9-11)
- ✦ you are an Apprentice Earthkeeper (are attending Earthkeepers training July 5-9)

A week of adventures in local natural areas will lead to discoveries that will help you find your place in the natural world. You haven't see it all. Poke around in places you haven't yet been. Go up hills, peer under logs, find out where those other trails lead. Truly get to know this natural area. Plus, uncover more of your hidden connections to the earth's systems. We'll head out to explore other locations, too.

Advanced Earth Explorers July 19-23, 2010

For those Earthkeepers and Earth Rangers who are 12-15. Based at **Manor Farm, Huntington**
Time: 9:00 - 4:00 pm Cost: \$190

We'll go on additional adventures and hone our 'green' skills as well as do some community service.

Where: Sweet Hollow Hall, West Hills County Park, Melville (where you came for your Earthkeepers or Earth Rangers training)
When: July 12-16, 2010 9:00 am to 3:00 pm
How much: \$130.00

Nature's Way

June 28-July 2, 2010

This is a NEW summer program especially for youngsters who have just completed 2nd or 3rd grade.

Youngsters who follow Nature's Way will begin their expedition each day at our headquarters at Manor Farm where they will be involved in games and challenges to better understand their natural neighbors. Then they'll set off along "Nature's Way" through the woodlands of the adjacent Berkeley Jackson County Park where they'll have the chance to practice and apply their new understandings as well as learn to appreciate the natural beauty of this area. Finally, participants will come to see how they can help the plants and animals that live together and depend on each other in natural communities.

Small group, experienced leaders.

Manor Farm is located on Manor Road just north of Jericho Tpk. Directions and further information will be mailed upon registration.
